

AN INTRODUCTION, VISION & MISSION

We are Young but matured team of professionals with in depth understanding of rural India and Development sector

Reach to Rising Bharat

WWW.DEVFOUNDATION.ORG

REACH TO RISING BHARAT

INTRODUCING DEVELOPMENT FOUNDATION

Development Foundation was established as National level organization, which is registered in the year 2004 under the Societies Registration Act of 1860 Government of India. We are also registered on "NGO DARPAN" Niti Aayog Government of India and our Unique Id No. DL1201710173970

Our unique strength is, we are Young but matured team of professionals with in depth understanding of rural India and Development sector.

RESPONSIBILITY IN OUR DREAMS,

they become all the more achievable and we remain steadily inspired and driven.

Young professionals from diverse background and across Industries segment comes together and constitute this unique platform as specialiset rural communication organization with focus on all round development of rural India, & village outreach through campaigns in not only Hard to Reach areas but as well as RURBAN pockets in urban geographies

A HARBINGER OF SOCIAL CHANGE

A National level NGO founded in the year 2004, keeping in line with its aims and objectives, has been inspiring qualitative changes in the framework of society at various levels- with a narrow focus on rural areas and farmers, for well over a decade now

Their quest, knowledge and passion led them to meet people who were looking for responsibilities and opportunities &had a deep desire to do different things to contribute towards their respective communities.

Today, the organization has a work-force which works at government and private with courage, compassion and commitment.

Fuelled with the vision to make communities self-reliant at every level and firm with the mission to enable people with right information, communication and technology that reach even to the last man of the society, we are here to empower human resources by different capacity-building measures

NEED OF TIME TO MINIMIZE THE GAP BETWEEN LAB TO FIELD

Organizations which can act as a medium to down flow information to the audiences.

Platforms which can help in technology disseminations to the rural society.

Scientific approach to understand need and thus collaborating with organizations to draw blueprint of future work.

DEVELOPMENT FOUNDATION FOR PROMOTING AGRICULTURE

ENSURING PROGRESS IN

AGRICULTURE & FOR FARMERS

Knowing that the economic share of agriculture to India's GDP is slowly shrinking, we organize different Rural and Farm focused activities like Farmers awareness workshops, Kisan Melas, Government sponsored social and rural campaigns, agricultural exhibitions etc to enrich Target Group with the latest information and technology dissemination about diverse aspect which impact their social and economic lives., aligned with the recent thrust of our Government on Evergreen Revolution.

Our focus is to help farmers adopt technical knowledge in farming which goes a long way to ensure their social mobilization and capacity-building and enable them to take decisions themselves with an enterprising spirit.

Knowing that the economic share of agriculture to India's GDP is slowly shrinking, we organize different Kisaan Melas, Training/CSR Projects, agricultural exhibitions and other campaigns to enrich farmers with the latest information about superior seeds, safe fertilizers and pesticides, easy irrigation-modes and effective organic farming etc., aligned with the recent thrust of our government on Evergreen Revolution.

ENABLING RURAL DEVELOPMENT

We still have 68.84% rural population by the latest census. Thus, we are totally committed to rural development with a long-term perspective, bringing basic changes to socioeconomic structure by making collaborations with different state-governments and concerned ministries.

Enhancement in the standard of living of rural people is paramount for us. We conduct various programmes, events and meetings regularly in different rural areas highlighting the awareness and need of medical & educational facilities, employment-opportunities, vocational training, selfemployment etc.

With a vision to reach to rural people and a vision to connect with them properly, our campaign, thanks to local people's participation being at its nub, is intrinsically comprehensive and holistic in its concept. We have enriched rural people with information which has generated a world of possibilities for them.

PROMOTING GREEN ENERGY

India has always been in a state of perennial energy-scarcity. Coal and other non-renewable energysources getting depleted continually underscore the electricity-sector's inappropriate and shaky reliance on them. We want to change the landscape by prompting people to utilize the never-ending solar power to meet varied energy-needs.

We have experts on board who impart technology, services and expertise across the entire solarvalue-chain. Educating people in different areas about solar roof-top-technology, tie-ups with different financial institutions

www.devfoundation.org

CORPORATE SOCIAL RESPONSIBILITIES initiaves taken

INSIGHT

DEVELOPMENT FOUNDATION

IDEAS

IMPLEMENTATION

With the mandatory 2%-spending norm, many companies are involved in CSR-activities effectively. Finding this as an opportunity, we have always been geared up to work in tandem with them in areas like:- Education, Health, Environment, Women's Empowerment, Support for artisans, Ruralsports etc

FIELD NETWORK OF DEVELOPMENT FOUNDATION

Located in Delhi; SERVING THE NATION

Development Foundation's National Footprint as a rural development organization, coupled with strong Industry relationships, enables us to deliver a unique 360 degree solutions to both (for our partners and our target audiences under different projects)

WHY DEVELOPMENT FOUNDATION FOR Farmers Training and Capacity Building Programs

GLIMPSES OF

Farmers Training & Exposure Visit Programs organized during 2017-18

GLIMPSES OF

Emerging North-East 2018, Managed by Development Foundation

SANCTIONED & APPROVAL LETTERS

Received by Development Foundation during financial year 2017-2018 from different State Governments and Districts
